

Congressman John Barrow

American Recovery and Reinvestment Act Update

Congressman

John Barrow

Representing the 12th Congressional District of Georgia

Dear Friend:

One year ago, the American Recovery and Reinvestment Act of 2009 (ARRA) – or the Recovery Act – was enacted with the mission of getting our economy back on the right track and putting Americans back to work. This legislation provided nearly \$800 billion in federal spending, tax cuts, and aid to states to save millions of jobs and help hardworking families get through these tough times.

As we close the book on year one of the Recovery Act, I wanted to put together this report to chart the progress of the stimulus nationally, at the state level, and right here in our 12th Congressional District. Entering the next phase of our recovery, I want to make sure you have as much information as possible to take advantage of the remaining, uncommitted stimulus dollars. This booklet will provide you with a list of future ARRA funding opportunities, as well as contacts at the state level who can be of assistance to you should you seek stimulus funding opportunities.

I supported the American Recovery and Reinvestment Act because I believed it was the best way for us to turn a rapidly worsening economy around. I believe that things would have gotten much worse than they already were if we did nothing. Steadily, Georgia – like the rest of the country – is starting to bear the fruits of their Recovery investments. Stimulus dollars are being put to work, and little by little we're working our way toward recovery. There is still work to be done, and funding opportunities remain available. I hope that you'll contact me as we enter year two of the Recovery Act. If you have any questions, comments or concerns, please feel free to contact Brandon Webb on my Washington staff at (202) 225-2823, or Lynthia Ross, my District Director, at (706) 722-4494.

Sincerely,

I.

American Recovery and Reinvestment Act At a Glance

- When President Obama took office, the country was facing the greatest economic crisis since the Great Depression.
 - The job market was losing 750,000 jobs a month and unemployment was rising.
 - The economy was declining more rapidly than it had in decades- over 6 percent.
 - Home prices had fallen by thirty percent and foreclosures were at record highs.
 - The drop in home prices, stock values, and retirement plans resulted in over \$10 trillion dollars of lost wealth for American households.
- Now, the economy is **growing by about 6 percent** – almost the same amount it was declining by a year ago.
 - Over **99 billion dollars in tax cuts to working families** have been given directly to workers' paychecks and first-time homebuyers.
 - More than **55,000 projects have been approved**, including over 7,000 transportation projects already underway.
 - During the past year, **over two million Americans have kept or gotten jobs** because of ARRA.
 - Investments helping to create the jobs of the future have begun to flow in broadband, smart grid, wind power, electric cars and batteries, and high speed rail.
- The Recovery Act at work in Georgia:
 - At the end of January, Georgia had received **\$7,915,000,000 in obligations**.
 - At the end of December, over **560,000 people in Georgia** have received **expanded unemployment benefits**.
 - At the end of January, **more than \$1,700,000,000** was allocated to the **Making Work Pay Tax Credit Program**.
 - At the end of January, Georgia had received **over \$1,317,000,000** for **transportation, energy, and other shovel-ready projects**.

IV. Funding Opportunities

Education

Georgia will receive almost \$2 billion to strengthen education and improve results for students from early learning through college. The largest portion of ARRA funds come from Fiscal Stabilization which helps stabilize budgets of local educational agencies, public universities and colleges to avoid cuts and retain teachers and professors. Other programs will receive large portions of ARRA funding to assist school districts in educating disabled and disadvantaged students.

Agency	Description
Department of Education	<u>School Lunch Equipment</u> - This award for school lunch equipment was granted to Georgia under the 2009 Certification and Verification Program of the ARRA.
Technical College System of Georgia	<u>Rural Business</u> - This grant is to support the development of emerging small private businesses in rural areas.
University System of Georgia	<u>NSF Research</u> - NSF investments in basic research, education, and research infrastructure will yield new discoveries that will enhance productivity and fuel economic growth for many years and contribute to the preparation of a dynamic U.S. workforce.
Technical College System of Georgia	<u>Work Study</u> - Increased funding to provide part-time employment to eligible college students to help meet educational expenses and encourage students receiving assistance to participate in community service activities.
University System of Georgia	<u>Statewide Data Systems</u> – The grant money will be used over the next four years to improve data exchanges between the state and local districts as well as other areas of education, such as pre-K and higher education.
Department of Education	<u>Title IID</u> - The primary goal of the Title II, Part D program is to improve student academic achievement through the effective use of technology in schools.
Department of Education	<u>McKinney-Vento Homeless Act</u> - This grant provides education funds for homeless children and youth. This grant award represents 100% of the McKinney-Vento funds that Georgia will receive through ARRA.
Department of	<u>IDEA Part B- Preschool</u> - These funds represent a temporary increase for

Education	Part B Grants to States and Preschool Grants as defined under the Individuals with Disabilities Education Act.
Department of Education	<u>IDEA Title VIB Special Ed</u> - This program provides grants to assist in providing a free appropriate public education to all children with disabilities.
Office of Planning and Budget	<u>Fiscal Stabilization</u> - Education - 81.8 percent of Georgia's total Fiscal Stabilization allocation has to be used to restore State support for elementary and secondary education, and public higher education.
University System of Georgia	<u>Scholarships Disadvantaged</u> - ARRA promotes diversity among health professions students and practitioners by providing scholarships for eligible students from disadvantaged backgrounds.
University System of Georgia	<u>NIH Research</u> - These projects will provide economic stimulus to the nation while furthering the NIH mission to uncover new knowledge that will lead to better health.

A handwritten signature in blue ink, reading "Dan B. Bauer". The signature is stylized with a large, sweeping initial "D" and a long, horizontal flourish at the end.

Energy and Environment

Georgia has been awarded \$380 million to improve energy efficiency, decrease fossil fuel emissions, and create jobs. Georgia will also use increased ARRA funding to promote economic activity while creating sustainable and eco-friendly communities throughout the state. The Georgia Forestry Commission, the Georgia Environmental Facilities Authority, and the Georgia Department of Natural Resources will administer these stimulus funds.

Agency	Description
Georgia Forestry Commission	<u>Wildland Fire Management</u> - This grant will fund habitat restoration, invasive plant eradication, and wildfire protection plans.
Georgia Soil and Water Conservation Commission	<u>Watershed Rehabilitation</u> - This grant is intended to provide assistance to rehabilitate dams originally constructed with assistance of USDA Watershed Programs. Priority is given to dams that could result in loss of life if the dam should fail.
University System of Georgia	<u>Clean Diesel Funding</u> - This grant provides assistance to achieve reductions in diesel emissions in terms of tons of pollution produced and exposure.
Department of Natural Resources	<u>Clean Diesel Grant Program</u> - This grant provides assistance to States to develop and implement low-cost revolving loan programs that are appropriate to a State needs and goals for reducing diesel emissions.
Department of Natural Resources	<u>The Water Quality Planning</u> - This grant is used to determine the nature and extent of point and non-point source water pollution and to develop water quality management plans.
Georgia Environmental Facilities Authority	<u>Clean Water SRF</u> - State Revolving Loan Program will be used for low interest capitalization loans to provide assistance to wastewater, nonpoint source and estuary projects which create jobs and further the water quality objectives of the Clean Water Act.
Georgia Environmental Facilities Authority	<u>Drinking Water SRF</u> - These funds will be used for low interest loans to provide assistance to water systems for capital improvement projects which create jobs and further public health protection objectives.
Department of Natural Resources	<u>Leaking Underground Tank</u> - These funds are for corrective actions that can be implemented quickly and promote job creation and preservation, as well as necessary oversight of responsible party lead cleanups.
Georgia Environmental Facilities Authority	<u>State Energy Program</u> - The program provides financial and technical assistance to create and implement a variety of energy efficiency and conservation projects.
Georgia Environmental	<u>Weatherization Assistance</u> - This grant provides funding to reduce state and national consumption of energy while providing a safe

Facilities Authority	environment and enhanced quality of life for eligible households.
University System of Georgia	<u>Savannah River Ecology Lab</u> – This grant will assist the state in developing practical technology that adds to the effectiveness of the electric grid, while enabling the utilization of new and renewable generation sources and promoting the advanced digital "Smart Grid" technology that is needed to modernize the nation's electric delivery network.
Georgia Environmental Facilities Authority	<u>The Efficient Appliance Rebates</u> - This grant will allow consumers to receive rebates when they buy Energy Star washers, refrigerators and other appliances.
Georgia Environmental Facilities Authority	<u>The Energy Efficiency Block Grant</u> - This grant provides financial and technical assistance to state and local governments to create and achieve a variety of energy efficiency and conservation projects.

Employment

Georgia will receive increased funding to provide assistance to Georgians impacted by the economic downturn, especially the unemployed. In addition to Unemployment Insurance benefits, the Workforce Investment Act will enhance service to individuals who are unemployed and underemployed.

Agency	Description
Department of Labor	<u>Workforce Help Wagner-Peyser</u> - This grant provides for services to connect the unemployed to training opportunities that will help them re-enter the workforce.
Department of Labor	<u>Unemployment Insurance</u> - This grant gives unemployment insurance to eligible workers through Federal and State cooperation. It issues payment of trade and alternative trade adjustment assistance, disaster unemployment assistance, and unemployment compensation for Federal employees and ex-service members.
Department of Labor	<u>The Workforce Investment Act</u> – This grant provides funding to adults, youths and dislocated workers through the One-Stop System for employment training and services in occupational skills, job readiness, literacy, youth summer employment and entrepreneurship training programs.
Department of Labor	<u>State Grants</u> - This program provides grants to states to help disabled individuals prepare for, obtain, and maintain employment.
Department of Labor	<u>Independent Living State Grants</u> – This program provides the skills and tools necessary for individuals with significant disabilities to maintain their independence, productivity, and to promote successful integration into society.
Department of Labor	<u>Independent Living Older</u> - This grant will provide independent living services to individuals 55 years or older who are blind and cannot competitively compete for employment because of visual impairment, but for whom independent living goals are feasible.

Health and Human Services

Georgia is anticipating an ARRA investment of \$1.8 billion to maintain health services for Medicaid populations. The Department of Community Health and Department of Human Services will administer funds related to health care.

Agency	Description
Department of Human Services	<u>WIC - Women, Infants, Children</u> – This program provides eligible low-income pregnant, breastfeeding and postpartum women, infants, and children to age five supplemental nutritious foods, nutrition education, and referrals to health and social services.
Department of Human Services	<u>Commodity Assistance (TEFAP)</u> – This grant helps supplement the diets of low-income persons by making funds available for processing, storage and distribution costs incurred by State and local organizations in providing food to needy persons.
Department of Community Health	<u>IDEA - Part C - Babies Can't Wait (BCW)</u> – This program guarantees all eligible children, regardless of their disability, access to services that will boost their development.
Department of Community Health	<u>Georgia Farmworker Health Program</u> - This is a supplemental grant for Increased Demand for Services through Georgia's Farmworker Health Program.
Department of Human Services	<u>AOA Aging Services-Meals</u> - This grant provides funds to States to support nutrition services including nutritious meals and nutrition education for older Americans in order to maintain health, independence and quality of life. Meals will be delivered to older, homebound individuals.
Department of Human Services	<u>AOA Aging Services-Meals</u> - This provides grants to States to support nutrition services including nutritious meals and nutrition education for older Americans in order to maintain health, independence and quality of life. Meals will be served in a collective setting.
University System of Georgia	<u>ARRA Head Start</u> - This program enhances the cognitive, social and emotional development of low-income children through comprehensive health, educational, nutritional, social, and other services. It also involves parents in their children's learning and helps parents make progress toward their educational, literacy and employment goals.
Department of Human Services	<u>Community Service Block Grant</u> – This grant provides a range of services and activities such as addressing employment, education, better use of available income, housing, nutrition, emergency services and/or health to

	assist the needs of low-income individuals including the homeless, migrants and elderly.
Department of Community Health	<u>Immunization</u> – This funding supports states and communities in establishing and maintaining preventive health service programs to immunize individuals against vaccine-preventable diseases.
Department of Human Services	<u>Child Care</u> – This grant provides assistance to States for child care for low-income families.
Department of Community Health	<u>Epidemiology</u> – This grant includes building and sustaining a State program to prevent healthcare-associated infections, evaluation of vaccine effectiveness, and innovations in surveillance for healthcare.
Department of Community Health	<u>Temporary Increase for Medicaid (FMAP)</u> - This grant is a temporary increase in the contribution of Federal funding to Georgia’s Medicaid program from October 2008 to December 2010.
Department of Human Services	<u>Supplemental Nutrition Assistance Program</u> - This grant provides federal financial aid to State agencies for costs incurred to operate the Food Stamp Program.
Department of Human Services	<u>Senior Community Service Employment</u> – This grant fosters economic self-sufficiency to low-income persons 55 years of age or older and unemployed with poor employment prospects. It provides training for part-time opportunities in community service and increases the number of older persons who may gain benefits of unsubsidized employment in the public and private sectors.

Housing and Community

ARRA funds will be used to help people maintain their rented housing in time of job loss or help communities stimulate economic activity through construction of low income housing. This will be done through the Homelessness Prevention Fund, the Tax Credit Assistance Program, and the Community Development Fund. The department of Community Affairs is taking the lead on housing and community development programs.

Agency	Description
Department of Community Affairs	<u>Community Development Grant</u> - The grant supports local initiatives that focus on improving living conditions and economic opportunities throughout the state. Projects include housing, public infrastructure, public facilities and assistance to for-profit entities for job creation.
Department of Community Affairs	<u>Homelessness Prevention and Rapid Re-Housing</u> – This grant will provide financial assistance and services to prevent individuals and families from becoming homeless and help those who are homeless to be re-housed and stabilized quickly.
Department of Community Affairs	<u>Tax Credit Assistance Program (TCAP)</u> - These funds will be allocated as low income housing tax credits to owners of eligible rental housing properties.
Department of Human Services	<u>Employment for Older Workers</u> - This grant fosters economic self-sufficiency to low-income persons who 55 years of age or older and unemployed with poor employment prospects. It provides training for part-time opportunities in community service and increases the number of older persons who may gain benefits of unsubsidized employment in the public and private sectors.
Department of Community Affairs	<u>Americorps State and National Recovery Act Grant</u> – This grant is to assist current Georgia Americorps grantees in their efforts to stimulate the economy through expanded and new Americorps programs.
Department of Community Affairs	<u>Tax Credit Exchange Program</u> - This grant provides funding assistance for the Tax Credit Exchange Program which permits the exchange of tax credits for cash grants for the construction, acquisition, and rehabilitation of low income and affordable housing projects.

Public Safety

Georgia will receive \$333 million to maintain funding levels for many of the state's public safety programs. The bulk of funds awarded to date have come from General Fiscal Stabilization funds. The Criminal Justice Coordinating Council, Georgia Bureau of Investigation, and the Department of Corrections are the lead state agencies administering funds to the various programs.

Agency	Description
Department of Defense	<u>National Guard Projects</u> - This grant will provide funding through cooperative agreements to support the operations and maintenance of Army National Guard and Air National Guard facilities and provide authorized service support activities to National Guard units and personnel.
Criminal Justice Coordinating Council	<u>The STOP Violence against Women Act Grant Program</u> - This grant will provide funds to communities to hire and retain criminal justice and victim services personnel that respond to violent crimes against women.
Georgia Bureau of Investigation	<u>Internet Crimes Against Children</u> – This grant provides funding to prevent, interdict, and investigate Internet crimes against children.
Criminal Justice Coordinating Council	<u>VOCA Victim Assistance</u> – This grant will support the provision of services to victims of crime throughout Georgia.
Criminal Justice Coordinating Council	<u>Victims of Crime Act Victim Compensation</u> – This grant provides funds used to support the provision of crucial financial assistance to victims of crime.
Criminal Justice Coordinating Council	<u>Byrne Justice Grants</u> – These grants provide funding to local agencies, state agencies, and non-profit groups to create jobs and promote public safety.
Criminal Justice Coordinating Council	<u>Byrne Justice Competitive Grant</u> - This grant will increase funding to improve the functioning of the criminal justice system, assist victims of crime (other than compensation), youth mentoring, and activities pertaining to crime prevention, control, or reduction, or the enforcement of the criminal law, including police efforts to prevent, control, or reduce crime or to apprehend criminals, including juveniles.
Office of Planning and Budget	<u>Fiscal Stabilization</u> - 18.2 percent of Georgia's total Fiscal Stabilization allocation provides funding to support education (including modernization, renovation, and repair) and public safety.

Transportation

The majority of the ARRA funding to improve the state's transportation system is designated to the Highway Investment Program. ARRA dollars will be invested in Safety Projects, Bridges, New Capacity Projects, Maintenance Projects and Enhancement Projects, which will provide work in economically distressed areas of the state and maximize job creation. Other programs include Public Transit Investment and Grants for Airport Improvement.

Agency	Description
Georgia Department of Transportation	<u>Grants-in-Aid for Airports</u> – Through these grants Georgia will receive funding in the amount for five general aviation airport projects. GDOT supplied a list of shovel ready airport projects and FAA selected projects for the grant awards.
Georgia Department of Transportation	<u>Highway Investment</u> – This grant provides 100% federal funding for restoration, repair, construction, and other activities. Projects are given priority if completion is projected within 3 years, location is economically distressed, and job creation and economic benefits are maximized. It provides funding for passenger and freight rail transportation and port infrastructure projects. This program also provides additional funding to supplement federal training programs and to support the training programs of departments of transportation.
Georgia Department of Transportation	<u>Federal Transit Administration Small Urban Programs</u> - These grants may be used for capital projects to finance the planning, acquisition, construction, cost-effective lease, improvement, and maintenance of equipment and facilities for use in transit. Agencies were requested to provide transit projects that were shovel ready and included in their local Transportation Improvement Program.
Georgia Department of Transportation	<u>Federal Transit Administration Rural Programs</u> - These funds may be used to improve, initiate, or continue public transportation service in non-urbanized areas (population under 50,000) and to provide technical assistance for rural transportation providers. Each rural transit agency had to provide a listing of transit projects that were shovel ready and could be purchased and/or procured within the shortest period of time.

Other

Georgia has been awarded \$255,200 for a 2008 Aquaculture Grant Program and another award for an arts grant. The 2008 Aquaculture Grant Program provides assistance to eligible aquaculture producers that suffered financial losses associated with high feed input costs during the 2008 calendar year. An arts grant will be administered by the Georgia Council for the Arts to cultivate healthy, vibrant communities that are rich in civic participation, cultural development and economic prosperity.

Agency	Description
Department of Agriculture	<u>2008 Aquaculture Grant</u> –These grants will be provided to State Governments to assist eligible aquaculture producers that suffered significant losses associated with high feed costs in 2008.
Department of Agriculture	<u>Community Facilities Grant</u> – This direct loan and grant program is to provide loans and/or grant funds to rural communities to construct, enlarge, expand, or otherwise improve community facilities providing essential services to rural residents.
Georgia Council for the Arts	<u>Arts Grants</u> - The majority of the funds will be directed to the Grassroots Arts Program (GAP), the agency's newly re-structure program for distribution of arts grants.
